

Sue Stender works at First Federal of Northern Michigan and has been an Ambassador since May of 2014.

What is your favorite thing about Alpena? The absolutely beautiful landscape in the area. We have beautiful views of large and small bodies of water, waterfalls, rolling hills, woods. Picturesque views to fill a calendar.

What is your favorite season? Summer. Who cannot like summer in Alpena!

Why did you become an ambassador? To become more active in the community and help promote our unique little corner of the world. For a small community Alpena has so much to offer that people are not aware of.

What is your favorite outdoor activity? I guess my favorite would be anything having to do with being on the water or just near it. We really enjoy spending time on our pontoon. I love being outdoors.

Describe yourself in one word. Determined.

My friends would say I am fun-loving and dependable.
