

Open House Assistance Options

We have resources available that, when added to your own resources and ideas, will help you have a successful open house event. The resources we have are simply tools that are available to make it easier for you to realize success for your event. We offer two options. The first option is a free option included with any membership. The second option is an added cost and includes added assistance from our staff. We encourage you to use these resources to supplement what you are already planning for your event.
