

**DON'T GET LEFT IN THE SMOKE:**

# Dehazing Marijuana in the Michigan Workplace

THURSDAY, MARCH 21  
8-9:30 AM  
ART IN THE LOFT

- "Can I still have a drug-free workplace?"
- "What should my company drug policy include?"
- "How can I test for marijuana?"
- "Is possessing marijuana still a federal crime?"
- "How does this affect my team's hiring process?"

These are just some of the questions circulating in the business community after Michigan voted to make marijuana legal back in December 2018. While recreational marijuana for personal use is (mostly) legal, the topic is still... smoky, to say the least. At the end of the day, there are still a slew of questions HR professionals and business owners need answered. Together with **The Wallace Firm, P.C.** and the **Alpena Area chamber of Commerce**, Lappan agency is proud to present Don't Get Left in the Smoke: Dehazing Marijuana in the Michigan Workplace to the Alpena community!

You're cordially invited to:

## DON'T GET LEFT IN THE SMOKE: DEHAZING MARIJUANA IN THE MICHIGAN WORKPLACE

Be sure to RSVP for this important, timely event before space runs out! Admission is **free**.
