MISSION

The mission of Thunder Bay Arts Council, Inc. is to promote, support, and preserve the arts through performance, education, and leadership.

PHILOSOPHY

Thunder Bay Arts Council, Inc. believes "The Arts Make a Lasting Difference" in the life of each member of our community.

Thunder Bay Arts Council, Inc. is dedicated to increasing awareness and involvement in the arts throughout Northeast Michigan.

We provide enrichment opportunities across generations, including children, youth and adults regardless of sex, creed, race, or handicap.

We sponsor an annual program of events and activities highlighting an array of musical, performing, and visual arts of local, state, and national interest to the region.

We provide leadership in promoting and marketing the arts and in building collaboration with other arts and cultural organizations to maximize community impact.

We work to preserve the arts by operating in a fiscally responsible manner.

WE HAVE A VISION...

ADDITIONS TO THE SCULPTURES ALONG THE BI-PATH

It started with the *Departure of the Great Blue Herons*. And now... *who let the dogs out?*

Thunder Bay Arts is pleased to present "American Dogs" at Alpena's Thomas Stafford Dog Park. This sculpture was made possible with the extraordinary support of so many donors to the Art Vision Alpena project. It's just the beginning of more sculptures to come along the Alpena Bi-Path.

For more information about **Art Vision Alpena** and how you can help contribute to future projects, visit thunderbayarts.org.
